DESCRIPTION

Scandik planters complete the line of benches, city tables and solar station. They are modular so that we can combine them in a longer sequence, or, for example, with a selected bench. They are available in three sizes: **S**, **M** and **L**. All sizes have the same height and depth and vary in width. All sizes have the same height and depth, and vary in width. Benches also have the same height so that they are perfectly compatible with planters.

The planters are made of steel. We offer you city furniture in stainless steel or carbon steel, which is then galvanized and powder coated in the indicated RAL colour from our palette. On customer's special request we are able to make furniture of any color indicated when placing an order.
