DESCRIPTION

The Simple recycling bin is distinguished by its simple shape, which, combined with the materials used, makes it very elegant and modern.

The basket is made entirely of steel. The waste containers are made of stainless steel. The roof and walls are made of stainless steel or carbon steel painted in any RAL colour.

Each bin has a special sign on the top to facilitate waste segregation. As standard, the containers can separate paper, glass and plastic. Each compartment contains a removable insert made of galvanised sheet metal for more convenient emptying of the bin. The capacity of each insert is 52 litres.
