## DESCRIPTION

The Altus five-compartment recycling trash can is designed for sorted waste and includes an integrated ashtray. This trash can combines sleek steel with high-quality wood for a stylish appearance. Clients have the option to choose either structural steel coated with RAL paint or stainless steel, with finishes in either domestic or exotic wood. This model features five sections for waste, each equipped with a galvanized liner. For waste sorting, you can either use the liner alone or implement color-coded disposable bags.

The Altus is highly functional, each wooden panel is engraved with labels indicating what waste belongs in each section. Customization is available to alter these labels according to customer preferences. The Altus trash bin is versatile,...
