

OPTIONS

Construction:

- carbon steel (s235Jr)
- stainless steel (Aisi 304)

Housing:

- European coniferous wood
- hardwood of European origin
- oiled exotic wood
- premium exotic wood
- HPL board

Mounting method:

- to screw

Contribution:

- galvanized sheet insert

DESCRIPTION

The Altus basket 03.052 is part of a contemporary series. It features a traditional silhouette enhanced by creative finishing touches.

The structure of the basket is crafted from stainless steel, and the sides are clad with wooden slats made from local (spruce, pine) or exotic woods. The Altus Bin stands out with its generous capacity of 70 liters. This trash bin can be permanently mounted using wall plugs, or it can stand alone. It integrates seamlessly into the aesthetic of contemporary public areas and pairs exceptionally well with our seating, like the Pluris bench, for instance.
