

OPTIONS

Construction:

- carbon steel (s235Jr)
- stainless steel (Aisi 304)

DESCRIPTION

The **Scandik table**, designed by Iwona Żaczek, is an elegant and functional proposal for urban and commercial spaces. The table is characterized by simplicity and modernist aesthetics, which fits both modern and more traditional arrangements. Made of high-quality materials, the Scandik table is available in two construction options: carbon steel and stainless steel. Both options ensure durability and longevity, which is crucial for **urban furniture**. The dimensions of the Scandik table are 52 cm wide, 80 cm high and 52 cm deep, making it a compact and versatile choice for a variety of spaces. The perfect finish is highlighted by details like the perforated steel top, which not only stands out for its unique texture, but also offers practicality thanks to its ease of cleaning and durability. The Scandik table is part of the **Scandik furniture** line, which is known for its minimalist design and functionality in everyday use. Scandik **urban tables** were created to integrate with other elements of the line to create cohesive and aesthetically pleasing urban arrangements. They are ideal for outdoor plazas, restaurant terraces and other common spaces, where aesthetics and durability go hand in hand with comfort.
