

## OPTIONS

### Construction:

- stainless steel (Aisi 304)

### Mounting method:

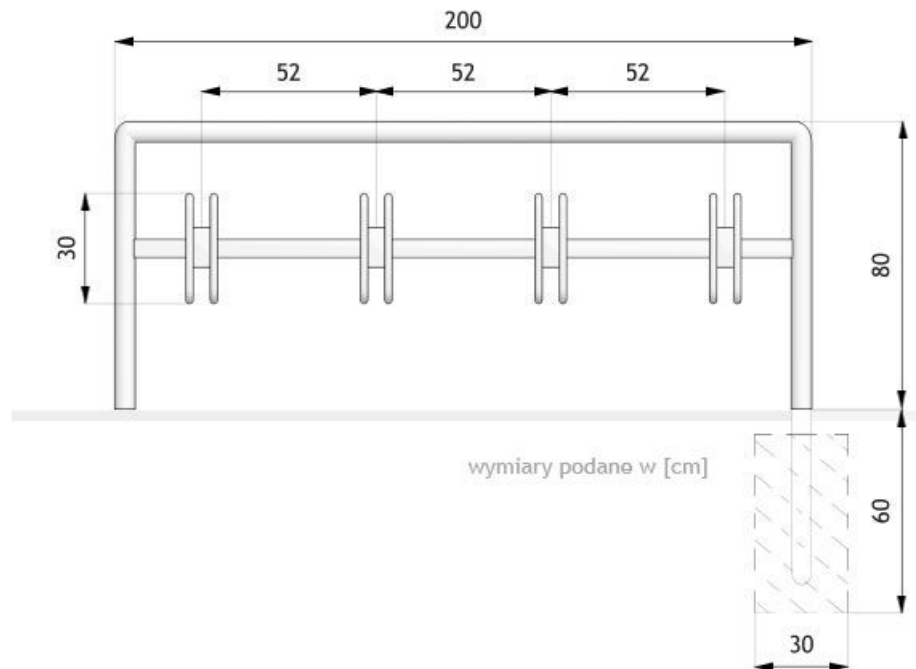

- to be grouted in

### Number of parking spaces:

- spaces for 3 bicycles
- space for 4 bicycles
- spaces for 5 bicycles
- space for 6 bicycles
- space for 7 bicycles

## DESCRIPTION

**Bicycle stand 05.052.SN** is an excellent solution in the category of **urban furniture**, designed by Tomasz Szpyma, combining functionality, durability and modern design. The stand is made of high quality stainless steel (Aisi 304), which ensures resistance to corrosion and increases the durability of the product. It is ideal for public spaces such as parks, streets or commercial areas, offering a safe place to park bicycles. The bicycle stand is designed to be **grouted** in, which guarantees a solid and stable installation. The design offers different configurations of parking spaces, from 3 to 7 bicycles, making it flexible and adaptable to specific user needs. The width of the rack is 42 cm, the length is 200 cm, and the height from the ground surface is 80 cm, which ensures easy access and comfortable use. The whole design is very aesthetically pleasing, which confirms that the stand belongs to the **Modern** product line. The steel tubes and closed profiles used in the construction are not only practical, but also add to the overall modern and minimalist look. This durable and...

## GENERAL TECHNICAL DATA
