## **DESCRIPTION**

Soft line furniture is highly favored by architects and is featured in a variety of locations, including shopping centers, office buildings, corporate patios, parks, public squares, and train stations. Constructed from powder-coated stainless or carbon steel, coupled with either domestic or optionally exotic wood, this furniture boasts durability and stability. Its unique design complements both traditional and contemporary architectural styles. The Soft freestanding armchair is designed as outdoor furniture for spaces where a full-size bench would be too cumbersome, ideal for use in park settings. An additional option available is the Soft park table.
