## DESCRIPTION

---

**Flash Five-Chamber Recycling Trash Bin.** This is part of [the Flash furniture series](#) and features a 195 cm long recycling trash bin. It boasts a unique, contemporary appearance with horizontally placed slats. Furthermore, customization options are available so that the slats can display specific information regarding the type of waste each bin is designed for.

Each compartment contains a galvanized sheet metal liner. The standard wood options include spruce, pine, or exotic types such as iroko, sapeli, or meranti. Upon request, any wood type can be used for the construction. The wood is finished with either varnish or oil (for exotic woods). A selection of **varnish and oil colors** is available. The bin's structure is made of stainless steel, or alternatively, carbon steel that's galvanized and powder-coated in any **RAL color**.
