## DESCRIPTION

---

The Salver collection features four differently sized planters designed to meet public needs. Salver offers straightforward yet versatile planters that seamlessly blend into any setting, including pre-existing ones. Each planter can be either free-standing or secured to the ground using anchors. Built for durability and stability, these planters have a steel framework complemented by wooden planking. The planks are optimally sized to enhance the structure's overall lightness. The plank color and wood type can be customized, presenting numerous options. Salver's smooth, professional finish and minimalist design are sure to impress. You have the freedom to configure the layout and quantity of planters to perfectly match your preferences with Salver.
