## OPTIONS

Construction:
- carbon steel (s235Jr)

Mounting method:
- to be grouted in

DESCRIPTION

Sizeable info panel measuring 140x140cm, perfect for displaying announcements, maps, or other details like schedules. This board is constructed from galvanized steel sheet and is mounted between two steel pipe poles, capped with cast iron fittings. Moreover, the 08.064.1 model includes an extra crossbar, positioned at ground level, allowing it to align seamlessly with a fence.

GENERAL TECHNICAL DATA

Dimensions:
- width: 67 in
- height from ground surface: 102 $\frac{1}{4}$ in
- height with anchor section: 126 in

Board surface:
- 140x140cm

Materials:
- iron castings
- steel pipes 60mm, 75mm

ZANO

Product:
Information board Rock
Catalog number: **08.064.1**
Designer: Tomasz Szpytma

NOTE: The drawings do not reflect the actual dimensions of the foundation. These are only sample installation diagrams taking into account the type of anchoring and the material of the substrate to which to attach the furniture.

The size of the foundation depends on local foundation conditions.

INSTALLATION TO PAVING WITH FOUNDATION
