

OPTIONS

Construction:

- carbon steel (s235Jr)
- stainless steel (Aisi 304)

Mounting method:

- to screw

DESCRIPTION

The Scandik table (product number: 13.246.2.P) is an elegant piece of **urban furniture**, ideally suited to the needs of modern public spaces and private terraces. The design by Iwona Żaczek is characterized by minimalist design and high functionality, highlighted by the perforated top and seat. The table is part of the Scandik product line, known for its use of durable materials and aesthetic workmanship. The table's configuration options include a choice between stainless steel or galvanized and powder-coated carbon steel construction, which provides exceptional resistance to corrosion and mechanical damage. The bolt-on mounting method guarantees stability and safe use in a variety of locations, from parks to urban boulevards. Thanks to its durable construction and modern aesthetics, the Scandik Table is the choice of numerous designers and architects looking to enhance urban spaces with functional and visually appealing **tables**. The perfect complement to the design is the aforementioned perforated steel top, which lends visual lightness and harmonizes with various elements of urban architecture.
