DESCRIPTION

The Calypso basket model is a spin-off of the Tubus basket, a favorite among our patrons. Similar to its predecessor, this basket is crafted from steel—available in stainless steel or black—and features a galvanized steel sheet container. It retains the iconic element of steel tubes shaping the sides of the basket. However, its form has evolved into a subtly rounded cube. Enhancing the Calypso model's usefulness, there is an option to add an ashtray. This trash receptacle boasts a unique design that underscores the contemporary vibe of any urban area.
